

Fees

Since 6th December 2018, our regulator, the Solicitors Regulation Authority, has required that all law firms publish their fees and pricing in certain areas of law in which we deliver legal services. For our firm, you will find this information included under the categories listed below.

The figures we give, however, may vary in cases with particular complexities. That is why we will always give you a cost estimate based on your individual transaction that takes into account the actual features of your transaction.

Of course, if any unexpected complications arise that have an impact on our fees, we would immediately inform you of this and would discuss with you the potential consequences before you incur any extra fees.

If you have any complaints about our service, including fees and pricing, please refer to our Complaints Policy regarding our complaints policy and procedure.

Our fees and pricing do not include VAT. When applicable, VAT will be applied usually at the rate of 20%.

For your information we use the term 'disbursements' to mean any costs or expenses paid or to be paid to a third party on behalf of a client (including any VAT element) except for office expenses such as postage and courier fees.

If you require we can supply this information about our fees and pricing in alternative formats.
